### PROFILE

I am a Front End Web Developer looking for an opportunity to put my skills to use. I regard myself as a team player with excellent communication skills. I am passionate about building user-focused websites and learning more. I aspire to join a team that values collaboration, agile processes, and developer growth.

### EXPERIENCE

#### IKEA - Prep & Flow

Centennial, CO

Aug 2019 - Current

- Utilize inventory control applications on a Honeywell D75e handheld computer running Android, to determine location of products for stocking and process products for placement in the warehouse.

#### DevMountain - Web Developer

Brodium

Lehi, UT

Jun 2019

#### brodium.dtour.world

*Workplace communication platform that brings in customer reviews as context for discussion.*

- **HTML5, Sass, CSS3, JavaScript, Axios, ReactJS, and Redux** for the stylings and functionality on the front end.
- **Amazon S3** to host user profile images.
- **Node, Express, Massive, SQL** for handling requests and database for the backend. **BcryptJS** for authentication.
- Built **RESTful APIs** in **JavaScript** and **Express**.
- **NodeMailer** to initiate team-member onboarding process via email. Chat rooms created using **Socket.io**. **Cron** was utilized to query Google Places for business reviews once a day.
- **Cypress** for end-to-end testing. **Jest** for unit testing.
- Planned, developed, and deployed application in two weeks. The entire application was built using **React hooks**.

#### DevMountain - Web Developer

Hiut Clone

Lehi, UT

May - Jun 2019

#### hiut-clone.happycoder.io

*Clone of the major features of Hiut Denim's eCommerce site.*

- **Amazon S3** to host product and collateral images.
- **Node, Express, Massive, SQL** for handling requests and database for the backend. **BcryptJS** for authentication.
- Built **RESTful APIs** in **JavaScript** and **Express**.
- **NodeMailer** to send a password reset link via email.
- Incorporated **responsive design**.
- Planned, developed, and deployed application in two weeks.

# CHRISTIAN ANDERSON

## EXPERIENCE

### **PRO, IS Inc. - Underwriting Assistant**

York, PA

May - Oct 2018

- Reviewed accounts to ensure adherence to quality standards.
- Utilized **Excel** to perform data analysis and processing.
- Completed data entry using a combination of proprietary terminal and Windows GUI applications.

### **United States Postal Service - PSE Mail Processing Clerk**

Boulder, CO

Nov 2016 - Oct 2017

- On a daily basis, utilized proprietary applications on a handheld device running Windows Mobile, to sort outgoing and incoming mail and packages.
- Managed ever-changing priorities daily.
- Taken off new-employee probation 45 days early because of exceptional work performance.

### **Penamora Photo LLC - Freelance Photographer**

Westminster, CO

Jul 2012 - Nov 2016

- Proprietor of a business specializing in portraiture photography.
- Worked with customers to understand their needs concerning delivery schedule and final products.
- Managed all aspects of business operations.
- Processed digital images with **Adobe Photoshop** and **Lightroom**.

### **BP - Financial Analyst**

Anchorage, AK

May 2001 - Feb 2012

- Authored a financial memorandum that released \$700MM in capital activity for an oil and gas development on the Alaska North Slope.
- Subject matter expert in the commercial and finance elements of estimation and categorization of reserves and resources.
- Trained and mentored employees on financial memorandums, capital and expense budgets, economic evaluations, authorization for expenditures, and capital and expense project management.
- Oversaw the monthly and quarterly close process for the ACT department.
- Function tested all new versions of an in-house economic financial model that was built in **Excel**.
