DEVELOPMENT PROJECTS

DevMountain - Web Developer   **2019**

Brodium | **brodium.dtour.world**

Workplace communication platform that brings in customer reviews as context for discussion.

- **HTML5**, **Sass**, **CSS3**, **JavaScript**, **Axios**, **ReactJS**, and **Redux** for the stylings and functionality on the front-end.
- **Node**, **Express**, **Massive**, **SQL** for handling requests and database for the backend. **BcryptJS** for authentication.
- Built **RESTful APIs** in **JavaScript** and **Express**.
- **NodeMailer** to initiate team-member onboarding process via email. Chat rooms created using **Socket.io**. **Cron** was utilized to query Google Places for business reviews once a day.
- **Amazon S3** to host user profile images.
- **Cypress** for end-to-end testing. **Jest** for unit testing.
- The entire application was built using **React hooks**.

DevMountain - Web Developer   **2019**

Hiut Clone | **hiut-clone.happycoder.io**

Cloned the major features of Hiut Denim's eCommerce site to learn how to apply the technology to an eCommerce platform.

- **HTML5**, **Sass**, **CSS3**, **JavaScript**, **Axios**, **ReactJS**, **Redux**, **Stripe** for the stylings and functionality on the front-end.
- **Node**, **Express**, **Massive**, **SQL** for handling requests and database for the backend. **BcryptJS** for authentication.
- Built **RESTful APIs** in **JavaScript** and **Express**.
- **NodeMailer** to send a password reset link via email.
- **Amazon S3** to host product and collateral images.
- Incorporated **responsive design**.

EXPERIENCE

Accenture Flex - Digital Media Support Specialist   **Oct 2019 - Present**
Denver, CO
- Address **Zendesk** tickets to provide pre- and post-sales support for Accenture client's (Snap) self-service product (Snapchat advertising platform).
- Streamline support ticket response process with modularized workflow.

IKEA - Prep & Flow   **Aug 2019 - Oct 2019**
Centennial, CO
- Mastered mobile technology to determine product floor locations and process products for warehouse assignment.
- Created work processes that resulted in a daily completion rate of 100%.

CHRISTIAN ANDERSON, MBA

EXPERIENCE

PRO, IS Inc. - Underwriting Assistant   **May - Oct 2018**
York, PA
- Reviewed accounts to ensure adherence to quality standards.
- Leveraged technology to surpass weekly production goals.

United States Postal Service - Mail Processing Clerk   **Nov 2016 - Oct 2017**
Boulder, CO
- Managed ever-changing priorities daily.
